## 'THE SPECTRUM OF MAGIC'

The reputation of Camp Cornovii is in shatters! Throughout the area its people are known to be weak, wicked and hated. Groups of adventures have even targeted the camp to cleanse it of what they see as an evil presence.

This reputation has not gone unnoticed.

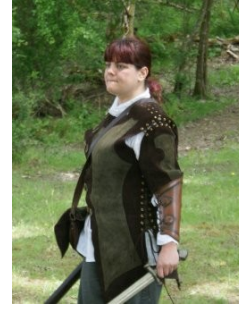

Many years ago the Unseelie court was defeated by brave heroes and to the relief of its people they have rarely been seen since. Unfortunately all of the corruption in Camp Cornovii has sparked the interest of the Dark Fae once more. Better known as the Scrathe, Dark Fae are a very powerful magical creature who love to rule through fear and punishment. They are planning to return to Cornovii to make it their playground once more and this must be stopped at all costs.

The Seelie court, those Fae who wish to help mortals, plan to offer the people of Cornovii a chance to fend off the threat from the Scrathe, but will the offer be taken up?

Camp Cornovii can still be saved from the darkness which currently threatens to take it over.

People have started to see the error of their ways and the ways of their associates. The camp is set to unite against a common enemy or fall into the enslavement of Dark Fae, but who is the real enemy of Camp Cornovii?

Are you happy in the dark or are you one of the heroes that Camp Cornovii needs to help guide it along the path of light?

Mayfest is a non profit live role play event held annually on the second bank holiday in May at Southcott Farm in Winkleigh, Devon.

This year the event will be held from  
Friday 27th May - Monday 30st May

This festival is different from others for more than one reason - plots are reactive to what players do rather than forcing players down a set course of actions, everyone plays, everyone helps and the festivals are never allowed to get so large that some people remain strangers.

Designed for excitement and accessibility, Mayfest is affordable and family friendly.
